

## Oak Class Autumn Homework Ancient Sumer & The Solar System

<u>Knowing</u>	<u>Understanding</u>	<u>Applying</u>	<u>Analysing</u>	<u>Creating</u>	<u>Evaluating</u>
Research a Sumer God/Goddess	Create a timeline for Ancient Sumer	What was the Ancient Sumerians most important invention? Why?	Research the Ancient Sumer writing system - Can you create your own sentence?	Research and <b>create a Sumerian Temple</b>	Research the rivers <b>Tigris and Euphrates</b> and evaluate the importance of them
Pick your favourite planet - what makes it so special - make a fact file page	Can we live on another planet? Why/Why not?	Design a planet of your own - what will be on it? Who/what would live there?	Which is the best planet? Why?	<b>Make a model Solar System</b> (no bigger than a shoe box)	<b>Create a Solar System fact-file.</b>  Include information about the key features.

You must complete at least **one task each week** and hand it in on a **Thursday**. All written tasks must be **presented neatly as you can**. You may use the school laptops for ICT work and can borrow books from the school library for research.

### Remember:

You do not have to do all of the tasks! Choose one a week to complete and bring in for the following Thursday.

You must read every day, with a written comment about what you have read - preferably with an adult

Please complete your Maths homework as well as practicing your Times Tables.  
Homework is due in on Thursday mornings.
