

## Our topic in Horse Chestnut Class this term is **Comparing People & Places!**

Pick 5 countries and write down who runs the country. (Do they have a president or a royal family?)

Research 3 football teams from different countries and draw their kits.

Draw, paint or create a picture of a world flag, or flags, of your choice.

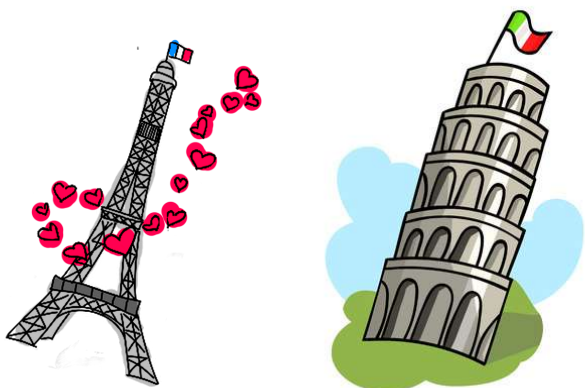

Create a travel leaflet/brochure for a country of your choice. Where can you stay? What can you see and do there?

Choose at least **3** activities to complete during the first half of the spring term and bring them in to school and share your creativity so we can display them in class!

Research a country of your choice and create a poster with facts about that country.

Make a model of a well-known landmark or monument.

Write a list of the top ten largest countries and write down the population for each. How many more people are there compared to England?

Make some food from a different country and either take some pictures or bring it in to share. Alternatively, create a menu using foods from a different country/countries.
