1. Aims

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which disabled pupils can participate in the curriculum
- Improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to disabled pupils

Our school aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind. At St Andrew's Primary School our core Christian Values underpin all that we do, ensuring that all pupils and stakeholders feel part of our community and are treated with compassion at all times.

The plan will be made available online on the school website, and paper copies are available upon request.

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The school supports any available partnerships to develop and implement the plan. We work closely with the Local Authority ensuring we are up to date and following the latest procedures and share best practice with a group of twelve local primary schools known as the Colne Valley Consortium,

Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, this procedure sets out the process for raising these concerns.

2. Legislation and guidance

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

3. Action plan

This action plan sets out the aims of our accessibility plan in accordance with the Equality Act 2010.

Aim	Current good practice <i>Include established practice and practice under development</i>	Objectives <i>State short, medium and long-term objectives</i>	Actions to be taken	Person responsible	Date to complete actions by	Success criteria
Increase access to the curriculum for pupils with a disability	Our school offers a differentiated curriculum for all pupils. We use resources tailored to the needs of pupils who require support to access the curriculum. Curriculum resources include examples of people with disabilities. Curriculum progress is tracked for all pupils, including those with a disability. Targets are set effectively and are appropriate for pupils with additional needs. The curriculum is reviewed to ensure it meets the needs of all pupils.	To maintain training for staff to ensure pupils with a disability can access an appropriately differentiated curriculum	Train LSAs in areas of specialist need e.g. Makaton, EFS, S&L In school training offered to all staff to meet identified needs e.g. attachment training, ASD training.
