

Mulberry Tree Class Homework Tasks

As part of our first topic I would very much appreciate if you could spend sometime over the holidays collecting information and photographs with your children to support their future learning - they can then bring this information to school in September.

Task 1

Can you visit key places in our village and take photographs of your child at the post office, park, church, etc. These photographs will be placed on a giant map of the village.

Task 2

Can you take a photograph of the front of your home for a geography display (it would be lovely if your child was in the photo!) These will also be placed on the map.

Task 3

Would you be able to provide a list of key dates that are important to your child. e.g. starting nursery, moved house, births of younger siblings, broken limbs, etc. This information will be used as part of our history timeline display in the classroom.

Thank you!

Miss Houghton
