

Literacy

Our focus genre for this half term is
Narrative

We will also be looking at:

- Information texts
- Fact writing
- Report writing
- Character descriptions
- Recounts (of our trip!)

Maths

We will continue to learn about shape before moving on to find out about fractions.

Year 1

Children will sort 2D and 3D shapes. Then we will find out about halves and quarters, looking at shapes and numbers.

Year 2

Children will work with halves, quarters and thirds, before moving on to find out about unit and non-unit fractions.

This planning sheet outlines the areas of study that are planned for the Spring Term. However, as planning is assessment led, modifications may occur.

Subject focus – History

This half term the children will be learning about People in Space and Space Travel.

We will use information texts and other historical references to learn about:

Yuri Gagarin
Neil Armstrong
Tim Peake

Science

This half term the children will be learning about Animals, including Humans. We will investigate what animals eat, compare and sort them. We will also label basic parts of the human body and find out about the five senses.

RE – Philosophy

We will be looking at the part played our senses in the way people worship. We will focus on the Hindu Puja and learn about the importance of artefacts.

Moon Zoom!

Life Skills

We will talk about the different forms of money, how to look after it and earning it. We will look at choices around money and the difference between needs and wants.

Music

Learning to Listen

Combining Pulse, Rhythm and Pitch. How does music help us to understand our neighbours?

Reading VIPERS

We will be looking at a range of information texts, narratives, poetry and letters.
