Our Vision

At St Andrew's, we believe that writing gives children a voice. It allows them to express ideas, explore imagination, and communicate with confidence. Our aim is for every child to see themselves as a writer — someone with something valuable to say and the skills to say it beautifully.

We nurture a love of language from the very start, helping children to build strong foundations in speaking, listening, storytelling, and imagination. Through purposeful writing across the curriculum, we inspire creativity, develop technical accuracy, and give children the confidence to share their ideas proudly with others.
