Did you know?

Read these interesting facts about communities with a parent, carer or teacher.

A community is a group of people. We are all members of different communities including our family community, the school community and the local community.

In the local community there are lots of people who can help us. Including teachers, shop workers, doctors and the emergency services.

Friends from school and home can be part of your community.

Paramedics, police officers, firefighters and rescue teams work for the emergency services.

Every community has its own set of rules and ways to behave. It is important to follow the rules so that everyone can get along.

Families are all different sizes. Aunties, uncles, cousins and grandparents are family members.
